determine, such notorious robbers and assas-sins as the arm of the law has, either from the infidelity of its public servants or the ineffi-ters of the property of the road in this State who elency of the laws themselves, left unwhipt of were induced to become such by the active in terest taken in it by Southern gent It is also announced that the ordinary ma- from the fact that George S. Ferrer, Esq , a chinery of the police is suspended, and provis-lonally places in the hands of the Committee, the Mayor and Recorder yielding up the pow- anxiety the result of the meetings in New Orer. They conclude with inviting the law and order-loving citizens to report themselves at the great undertaking, which were as glowingbeadquarters, and with assuring the people by depicted last Spring, had indeed becomthat everything will be done justly, dispassion- blasted; and if so whether it could be attribu ately, and without heat, prejudice or political coming of the worthy gentleman who presides over its affairs. And we may remark that, as This programme completely overthrows the for any ill result flowing from want of integrity municipal authorities for the time being, and or fair dealing on his part, we never for one moment allowed its possibility. The sequent proves that our confidence in the eminent capacity of Mr. Yerger for the post assigned him We have excefully examined our New Orleans | was not misplaced, and the history of his acts files of a few days last past, for the purpose of the correctness of the conclusion, no shiel

It is known to most of our readers that the State of Texas incorporated this road, extendof such a movement being on foot, or by which the entire State to E. Paso, and gave to B. such a disturbance can even be inferred, yet enormous bounties of lan' and agreed to loan we think it is clearly foreshadowed in the foi- to it large sems of mency, conditioned that lowing corresp indence, growing out of the near approach of the municipal election:

Naw Garram, Mar 1888. principally at the North and its office was in Wall street. It was not managed judiciously, and notwithstanding large is use of its stock New Orleans, entertaining a deep interest in the good name and prosperity of our city, and feeling the importance of rescaing the adverse procured to go on with the work, the milastration of the municipal government from time would clapse without the twenty miles of the baneful influences of party politics, re-specifully ask your aid in so desirable an ef-magnificent domain granted by Texas, a prin-

It was in this state of matters that the was littered parties, and of all classes and professor has Peters Soule, and its parties, and of all classes and professor has Peters Soule, and its parties, and of all classes and professor has Peters Soule, and its parties, and of all classes and professor has peters Soule, and its parties, and so per soule and professor has peters Soule, and its parties, and its parties, and the during the twenty miles and save the classes of the save journess of the save journ

that of Recorder Sylves for Mayor, who was nothing the twenty miles of road, and just when the fonds of the company were exhausted, it becomes severy body here and in New Orleans notwell that a greetal committee he appointed to the first a greetal committee he appointed to confer with other D mocratic organizations and though of the Know-Nothing party, and immediately it was infinited on the party, and immediately it was infinited on the party, and immediately it was infinited on the party.

The desired of the divine art perform their mission, and indoctrinate the public with a love of the first instillity is \$30 for each of the five islands, making in the whole \$150.

If that amount of the trial indiction is an extensive that a greetal committee he appointed to confer with other D mocratic organizations as science so pure and so elevating. As the innew to be the case, almost impossible to raise to confer with other D mocratic organizations with a view to a suitable public demonstration on the subject of the British outrages.

The couler Deposition of the divine art perform their mission, and indoctrinate the public with a love of the first insult and annoyance. It was also recommended to the from insult and annoyance. It was also recommended to the first insult and annoyance. It was also recommended to public organizations as science so pure and so elevating. As the insult are public demonstration on the subject of the British outrages.

The couler Deposition of the tinatility is \$30 for each from insult and annoyance. It was also recommended to public organization as science so pure and so elevating to confer with other D mocratic organizations or the from insult and annoyance. It was also recommended to the form insult and annoyance. It was also recommended to confer with the public demonstration on the subject of the British outrages.

The couler Deposition of the company were exhausted, it has a science for public demonstration on the subject of the British outrages.

The couler Deposition of the time miss

monty. The question was then presented to the party and the formal party, and immediately it was infinited on the streets by bulies and ruffuse that the friends of the party and prepared to the party and prepared to with a prepared to with a

SUPERVISING IMPRICTOR'S OFFICE }

James E. Mentpomery and Joseph E. McCammont, Pilota of the Steamer Philodelphia This is an appeal from the Local Board of tended. spectors at New Orleans, to the Supervising The effence and violation of public law con-spector of the Fifth District, on account of siets in the visitation, without regard to its the absence of Capt. O. A Pittsfield, Superviser of that port, being now in California.

The charge is for running certain prohibited steamer Philadelphia, on her late vayage.

The running of the chutes named is admitted on the part of the pitts, but, in their plea, they allege that it was one for the safety of the beat was long, and worked and twisted very much in waves; that in the very much in twisted very much in waves; that in the chutes there was pleaty of smooth water, and hat it was safer to run them than the bends of her river.

School Visitor for Thind Ward.—Dr.

School Visitor for Thind W

carties, amongst other things, sliedge "that principles of public law: First, in the equality they were bound by their oath of office to use of all independent States; and, scoons, the ergetically proclaims that "after many years of disorder, outrage and unchecked assassination, the people, unable and unwilling either to bow down in unrecisting submission to a zet candidates for Circuit Judge, addressed the candidates for Circuit Judge candid guidance of any arbitrary rules laid down or sale of a foreign power in time of profound concerd by the Supervising Inspectors, who are not pilots; charging that the published rules of that Board are not in accordance with the indignant as the American people are and Fashionable.—The ladies are now wearing printed they would respect they request the supervising Inspector.

The Supervisor is of the opinion that the attorney who drew up the statement here presented, has failed to present the whole case, and the committee refrain only from recommending at once such additional legislation as would be most effectual to prove the country from argression of the Supervising Inspector.

The Supervision Inspector.

The

First, because the pilot, by his oath. Is not many bound to use his best skill and judgment a the management of a boat, but he must also comply with the law as he finds if, or he will dent (as shown by the letter of the Secretary perform all the duties required of him after Navy, accompanying the message) has At the ever the law "

Second, because even before the passage of of the country into the infested quester, with that art a pilot was not permitted to be wholly orders "to protect all vessels of the United at at a pilot was neglected as verned by his judgment, notion or whim in States on the high seas from search or deter a management of a vessel, but he was bound tion by the vessels of war of any other nation. he management of a vessel, but he was bound a comply with the generally approved, reasonthe, safe and usual custom of country.

Third. The law of 1812 required the "Suprivising Inspectors to establish rules and regalations for the government of Pilots." It was
alations for the government of Pilots. It was
